## VISITING THE SCHOOL

All visitors and parents visiting the school for any reason **must use the front doors and come to the office first.** Parents wishing to see teachers or students even for a short time must follow this policy. ## STATE ATTENDANCE REQUIREMENTS

### INTERNET SAFETY

The Internet is a vast, global computer network that provides access to major universities, governmental agencies, other school systems, and commercial providers of data banks. The Livingston Parish School Board shall establish appropriate guidelines for exploring and using Internet resources within the school district to enhance learning and teaching activities. Acceptable use of these resources shall be consistent with the philosophy, goals and objectives of the Livingston Parish School Board. Age and grade appropriate classroom instruction shall be provided regarding Internet and cell phone safety. Such instruction shall include appropriate online behavior, interacting with other individuals on social networking websites and in chat rooms, and cyberbullying awareness and response, as well as areas of concern as authorized in state and federal law.

In its continued efforts to comply with the *Children's Internet Protection Act*, the School Board shall adopt and enforce a policy of Internet safety that incorporates the use of computer-related technology or the use of Internet service provider technology designed to block or filter Internet access for minors and adults to certain visual depictions, including without limitation those that are obscene, child pornographic, or harmful to minors, including without limitation sites that are excessively, violent, pervasively vulgar, or sexually harassing. Sites which contain information on the manufacturing of bombs or other incendiary devices shall also be prohibited. Only authorized persons may disable for an adult user the blocking or filtering mechanism in order to enable Internet access for bona fide research or other lawful purposes, which shall include online services for legitimate scientific or educational purposes approved by the Board, or access to online services of a newspaper with a daily circulation of at least 1,000.

In addition to filtering requirements, the Board shall maintain regulations which:

- Prohibit access by minors to inappropriate matter on the Internet and World Wide Web;
- Address the safety and security of minors when using electronic mail and other forms of direct electronic communications, such as "Instant Messaging";
- Prohibit unauthorized access, including what is now known as hacking, and other unlawful on-line activities by minors online;  
Prohibit unauthorized disclosure, use, and dissemination of personal information regarding minors; and
- Institutes measures designed to restrict minors' access to materials harmful to minors.

### PERMISSIONS

1. The *Student Computer Access and Use* policy shall be distributed to the student and parent/guardian through the school handbook and shall be posted on the School Board web site.
2. Parental permission shall be assumed unless specifically denied. *Denial of Permission Forms* are available at all schools.
3. Parental/guardian permissions that are assumed include:

## **Livingston Parish Public School System Title I Family Engagement Policy 2021-2022**

A Districtwide Family Advisory Council has been established in order to revise the current Livingston Parish Title I Parent and Family Engagement policy and expand the plan in accordance with the *Every Student Succeeds Act (ESSA) of 2015*, section 1112 of the Elementary and Secondary Act (ESEA). This council will meet regularly in order to coordinate and integrate family involvement, and evaluate the effectiveness of the policy. This policy will be made available to the local community and updated periodically to meet the changing needs of the families and the school. The ultimate goal is to ensure that all families within the district are provided the same opportunities for involvement in their child's education. The advisory council will also be informed of the process of the 1% of Title I, Part A funds reserved for family engagement. The Local Education Agency (LEA) will incorporate these ideas into the district-wide policy. If there are any unsatisfactory comments on the plan, these will be forwarded to the State Education Agency (SEA).

Under the direction and technical assistance of the Local Education Agency (LEA), each Title I school will have family members serve on the Schoolwide Committee, which will function to review the schoolwide plan and family activities for that school. This plan will be specific to the Title I school and will provide a means for families to become more involved in their child's education.

Consistent with section 1118 of the ESEA, an annual meeting will be held in each school in which family members will be given information about their school participation in the Title I program and related services, an explanation of the requirements of this participation and a school/family compact as required by section 1118(d) of the ESEA.. Family members will also be informed of their right to parent-teacher conferences, regular reports on their children's progress, reasonable access to staff, opportunities to volunteer on campus, and to request information regarding the professional certifications of their student's classroom teachers. To the extent, which is practical, meetings will provide full opportunities for the participation of family members with limited English, members with disabilities and migrant parents following section 1111 of the ESEA. Information will be understandable and uniform.

One goal of this plan will be to improve communication between home and school through family/school compacts, newsletters, family-teacher conferences, handbooks, agendas, surveys, School Messenger recordings, electronic communications, such as: telephone calls, texts and emails, and school social media types of sharing information. It is important that family members respond to communications from the school in a timely manner and talk with their children about their classroom activities and behavior.

Another goal will be to provide information concerning the *Every Student Succeeds Act (ESSA) of 2015*, the State of Louisiana Accountability Law, the curriculum used at the school, the forms of academic assessment used to measure student progress, and the proficiency levels students are expected to meet.

Title I schools will assist families with parenting skills, technology skills, and give assistance in helping with homework, projects, and other at-home activities. Families will be encouraged to take advantage of teacher conferences as a way of monitoring the progress of students. Schools will also provide opportunities for the local community to become more involved with families and with the school.

Family participation is essential to the success of the students. By monitoring the child's progress and working with educators to improve students' achievement, families provide a vital link between the school and the student. Students should know that their family values education and achievement and are available to help them to achieve their goals. Annually, each school will disseminate and collect family surveys to improve engagement. Results from the survey, if needed, will be used to revise family engagement policies at the school level.

It is Livingston Parish Public School System's goal to reach out to, communicate with and work with families as equal partners in our schools.
